## **Section Bilingue Anglais**

### **Year 13s: Where are they now?**

Our Bilingual Section pupils from the **Class of 2018** are currently studying at **Bath University, King's College London, ESCP Europe and Saint Mary's University London** in areas such as **Business Management, Aeronautical Engineering and International Relations.**

My name is Tanguy Pichelot, I studied in the bilingual section for 4 years. This helped me a lot in integrating ESCP Europe bachelor in management program, where I just finished my first year in London. I had this year the opportunity to meet very different people and to work in a multicultural, European environment. I am now starting my internship in London for two months. I find my program very exciting and I am looking forward to continuing the next two years in Paris, then Berlin.

***Tanguy Pichelot***

I am studying Aerospace engineering at university of Bath and I am really enjoying my first year. Choosing to study in England has enabled me to access the course I was interested in straight after the baccalaureate. University of Bath has amazing facilities and teaching and I strongly recommend considering it.

***Nicolas Le Roy***

I am a first year student in Business Management at Queen Mary University of London. Going abroad and especially to England had always been my goal. This year at Queen Mary has been an incredible experience, it's the only university in London which has a campus and it facilitates friendships and integration.

***Chloé Vais***

My name is Clara Bénichou and I am now a student at King's College London, after being 5 years in the Bilingual Section at Blanche de Castille. I am studying International Relations and Politics and my experience at university is extremely rewarding. It allowed me to socialise with people from all around the world (Madagascar, Albania, Saudi Arabia, Mexico,...) and more importantly, it helped me to be more

confident in expressing my own ideas in a friendly and supportive environment. I look forward to my next years of university!!

***Clara Bénichou***

This was at Bath!!

Good luck to the **Class of 2019** embarking on their international university adventure at **Edinburgh University to study Environment & Sustainability**, **King's College London to study International Relations**, **ASAS Paris to study Law** and **Versailles to study Business**.
